1. Getting to know our students better.
2. Promote wellness strategies that include expanding our wellness room to all students, implementing wellness activities for staff and students, recognize poverty.
3. Be responsive to needs of each individual in our school community.

#### Community/Home Connections

Ask your child about their own wellness during virtual and in-person learning.

This year we are focusing on building healthy relationships. We are doing this to see an improvement in student well-being and overall academic achievement.

#### Throughout the year, we will be:

1. Facilitating workshops on healthy relationships.
2. Engaging with our community partners and families/guardians about fostering healthy relationships.
3. Acknowledging positive acts that build healthy relationships within the school community and beyond.

#### Community/Home Connections

Ask your child about one positive act of kindness they did throughout the day.

Encourage your child/children to use their voice for advocacy.

Check out this resource [Stop It, Name It](#) about speaking up and being a supportive ally.
